

Test Plan

Document Information

Item	Details
Project Name	SauceDemo Manual Testing
Version	1.0
Prepared By	Pilisa Gqokoma
Date	08 June 2026
Document Status	Draft

1. Introduction

Purpose

The purpose of this test plan is to define the testing strategy, scope, objectives, resources, and schedule for the manual testing of the Sauce Demo e-commerce web application.

The goal is to verify that the application's core functionalities work correctly and meet the expected business requirements.

2. Project Overview

Application Name

Sauce Demo

Application Type

Web-based E-commerce Application

Description

Sauce Demo is a demo e-commerce application that allows users to log in, browse products, add items to a shopping cart, complete a checkout process, and log out of the application.

3. Objectives

The objectives of this testing project are to:

- Verify that users can log in successfully.
- Validate login error handling.
- Verify product information is displayed correctly.

- Validate shopping cart functionality.
- Verify checkout functionality.
- Verify logout functionality.
- Identify defects before release.

4. Scope

In Scope

- Login
- Inventory
- Product Sorting
- Shopping Cart
- Checkout
- Logout
- User Interface validation

Out of Scope

- Performance Testing
- Security Testing
- Load Testing
- Accessibility Testing
- Mobile Testing

5. Test Items

The following modules will be tested:

Login	User authentication
Products	Product listing
Product Details	Product information
Shopping Cart	Cart management
Checkout	Purchase process

Logout

User session
termination

6. Test Strategy

The following testing techniques will be used:

- Smoke Testing
- Functional Testing
- Regression Testing
- Exploratory Testing
- UI Testing

7. Test Environment

Item	Details
Operating System	Windows 11
Browser	Google Chrome (Latest Stable Version)
Internet Connection	Broadband
Test Environment	Production Demo Environment
Test Type	Manual Testing

8. Test Data

The following credentials will be used for testing:

Username	Password	Purpose
standard_user	secret_sauce	Valid login
locked_out_user	secret_sauce	Locked account
problem_user	secret_sauce	UI testing
performance_glitch_user	secret_sauce	Performance behaviour

9. Entry Criteria

Testing will begin when:

- Application is accessible.
- Test environment is available.
- Test data is prepared.

- Test cases are reviewed.

10. Exit Criteria

Testing will be completed when:

- All planned test cases have been executed.
- Critical and High severity defects have been resolved or documented.
- Test Summary Report has been completed.

11. Deliverables

The following documents will be produced:

- Test Plan
- Test Scenarios
- Test Cases
- Test Execution Report
- Bug Report
- Test Summary Report

12. Risks

Potential risks include:

- Website downtime.
- Internet connectivity issues.
- Demo environment instability.
- Limited access to application logs.

13. Assumptions

The following assumptions apply:

- SauceDemo will remain available during testing.
- Test users are active.

- Test environment remains unchanged during the test cycle.

14. Approval

Role	Name
QA	Pilisa
Tester	Ntshongwana
Reviewer	Self Review
